About Becky

Becky (Adams) Myers is a singer/songwriter from Shelburne. Becky sings most genres as she feels it keeps her well rounded. Becky finds inspiration for songwriting in her children, and from personal experience and life lessons. However, her mood during a given day greatly influences the direction her songs will take.

Having been born into a musically gifted family, singing came naturally to Becky. She developed her vocal skills on her own and began singing at festivals like the Harmony Bazaar and the Coal Shed. She has also shared the stage with Irish Mythen. Becky considers having one of her songs played on CJLS for a year her biggest achievement. Becky's songs can be found on Youtube and Kompoz.com.
