

Donna Crosby

About Donna

Donna Crosby specializes in fibre crafts. She weaves, sews, and quilts. Donna is partly self-taught and has been sewing since she was a teen. Being the second oldest of eleven children, sewing was more of a necessity, but as she grew her interest in fibre crafts grew as well. Most of her quilts and wall hangings are of traditional patterns or whatever she fancies at the time.

After graduating from Nova Scotia Teachers College as an elementary school teacher, Donna returned to college at NSCAD to upgrade her teaching license and took some classes in textile design and weaving. She occasionally substitute teaches during the school year and quilts, weaves, and sews throughout the year. Having a combined career in teaching and fibre crafts allows her to live independently.
